

ALLERGEN GUIDE

Valid: January 25, 2022

The information here details which menu items contain the most common allergens based on the information provided by our suppliers. Because all of our dishes are prepared-to-order, our normal kitchen operations may involve shared cooking and preparation areas. Therefore, we cannot guarantee that any menu item can be completely free of allergens. We work to keep this information as up-to-date as possible, and suggest you confirm that the allergen guide used is the most current version available.

If you have any questions about this information, please contact guest relations: 1-407-245-4052
